

THERMAL IMAGE CAMERA Model :1030-2022

FEATURES

thermal image over lay picture capture accurate temp reading

SPECIFICATIONS

Display LCD Size: 8 " color screen

Infrared imagery resolution: 32*32

Visual camera: 640*480

Pixel: 1024

Thermal sensitivity: 0.15°C

Temperature measure range: -4°F-1202 °F

Temperature measure accuracy: ±2%

Image frame frequency: 9Hz

Emissivity: 0.1~1 adjustable

Focusing mode: settled

File format: BMP With 4G SD card capacity

Power: 4*1.5V AAA batteries

Humidity: <90%

Operating temperature: 0~50°C

Storing temperature: -40~70°C

REMARK

AAA batteries and 4G SD card NOT include
